ARBITRATION OFFERED

ANTHRACITE MINERS MAKE A
FINAL PROPOSITION TO
OPERATORS.

ARE IN FAVOR OF STRIKING

Proposal is a Concession to President Mitchell and a Minority of the Committee—If the Owners Refuse the Men Will Quit Work at Once—Senator Hanna Much Interested in the Outcome.

Scranton, Pa., May 9.—The situation in the threatened miners' strike hangs in answers that are expected to come to a proposal of arbitration emanating from the morning's session of the miners' committee. This proposal was evidently agreed upon informally during the night, for it was only 45 minutes from the time the meeting convened until adjournment was had. President Mitchell, at the close of the session, gave out the following statement:

"The executive committees of the anthracite mine workers' organization have proposed that all questions at issue between themselves and the anthracite mine operators be submitted to an impartial board of arbitration, such board to be selected by the industrial branch of the National Civic federation. This proposition has been sent to the operators by wire. The committees are now awaiting replies."

Telegrams announcing this action were sent to the presidents of the nine big coal carriers and several officers of the Civic federation. President Mitchell declined to make public the full text of the telegrams.

At 1:30 o'clock the committee met again pursuant to adjournment, but adjourned inside of half an hour without doing anything. The committee will meet again in the morning at 9 o'clock, when it is expected President Mitchell will have received some answer to the proposal of arbitration. If the operators have taken any action on the miners' proposition it has not been disclosed here. President Mitchell stated that no answers had been received and that if any should be received it was proposed by him to say nothing of it until after the morning's committee meeting.

Reported Refusal Doubted. When shown a telegram from New York to the effect that the operators had had a meeting to discuss the arbitration proposition and that they gave out word it would not be agreed to, Mr. Mitchell said he had heard nothing of such a meeting and that he doubted the accuracy of the information. A telegram has been received through a private source stating that Senator Hanna had declared unequivocally that the report that arbitration had been refused by the operators was not true. One of the telegrams from the miners proposing arbitration was received by Senator Hanna. He communicated by wire with the operators as to what they proposed to do about the matter and had not received a reply up to a late hour.

It is the prevailing opinion here that unless the operators agree to arbitration or make some counter proposition which will contain a substantial concession the committee of miners will declare for a strike. President Nicolls of the First district, with a majority of the committee, are in favor of striking. National President Mitchell and District Presidents Duffy and Fahey are disposed to exhaust every possible preventative before considering an extreme step. The offer of arbitration is taken to be the final concession of the pro-strike men to the anti-strike and it is believed that unless the operators come to the assistance of the Mitchell supporters a strike will be declared at once.

HAD RIGHT OF WAY.

House Spends the Day Discussing the New Statehood Bill.

Washington, May 9.—The bill to place three new stars in the American flag had the right of way again in the house. General debate, the feature of which was an extended speech by Mr. Grosvenor of Ohio in opposition to the measure, was closed at 3 o'clock and the bill was then read for amendment under the 5-minute rule.

An amendment offered by Mr. McRae to consolidate the territories of Oklahoma and Indian Territory was defeated, 57 to 198. An amendment offered by Mr. Overstreet (Ind.) to consolidate Arizona and New Mexico and admit them as the state of Montezuma was pending when the house adjourned. The only amendment adopted was one providing that nothing in the act should be construed to legalize polygamy. During the day a resolution expressive of the regret of the house over the death of Rear Admiral Sampson was adopted and a committee of seven members was appointed to attend his funeral.

Will Meet in Fargo July 20.

Grand Forks, N. D., May 9.—The Republican state central committee has decided to issue a call for a state convention at Fargo on July 23. The basis of representation fixed on was two delegates at large for each county and one additional for each 50 votes averaged on the highest and lowest vote cast for important candidates. This gives a total of 741 delegates.

SUSPEND JUDGMENT.

Live Stock Exchange Appeals to the American People.

Omaha, May 9.—The South Omaha Live Stock Exchange adopted a resolution relative to the agitation over the so-called beef trust and asking the public to withhold judgment pending the investigation now in progress. In part it follows:

"Resolved, That we respectfully ask the American people to refuse to allow their minds to be prejudiced by sensational articles being published broadcast through the press regarding the so-called beef trust, but hear both sides to the investigation now being held, before rendering their verdict; that this agitation is hurting the producer, and when the producer of a commodity is hurt it is an injury to the foundation on which all prosperity is built; that the government is making a thorough and complete investigation and if it shall develop that there is a beef trust let the law be enforced, but to not injure the producer by following such advice as 'Don't eat meat,' as by so doing you could not possibly injure a meat trust, only the producer would suffer."

A NOVELIST MURDERED.

Paul Leicester Ford Shot by His Brother, Who Then Suicides.

New York, May 9.—Paul Leicester Ford, the novelist, was shot and killed by his brother, Malcolm Webster Ford, writer and athlete, who immediately sent a bullet into his own breast, dying instantly. The shooting took place at 10:20 a. m. in the library of Paul Leicester Ford's home at 37 East Seventy-seventh street. He was sitting at a table when his brother entered the house. Malcolm is said to have demanded money and to have been refused. The shooting followed. The bullet which killed Paul Ford entered the left breast, piercing the heart. Malcolm Ford then shot himself. The bullet entered the left breast and pierced the heart in almost the same manner as did the bullet that caused the death of Paul.

Paul Leicester Ford was the author of "The Honorable Peter Sterling," and of "Janice Meredith." He was born in Brooklyn in 1865.

DUE TO SOFT ROADBED.

Chicago and Northwestern Train Derailed at Ames, Ia.

Des Moines, May 9.—A Chicago and Northwestern train was wrecked at Ames at 1 a. m. An unknown tramp was killed and Mail Clerk Griffin of Des Moines was seriously injured. Mail Clerk Graves of Chicago was buried under mail sacks and badly bruised and Mail Clerk Alexander Turk of Chicago had his hand and arm injured. Considerable mail matter was water-soaked and destroyed.

The Overland Limited from the West and other through trains were sent via Carroll and Tama, on the Sioux City and Iowa division. A soft roadbed is supposed to have been responsible for the wreck.

HIS CONDITION CRITICAL.

Ex-Senator Roach of North Dakota Can Take No Nourishment.

New York, May 9.—Former Senator William N. Roach of North Dakota, who has been ill several days at his home in this city, will, it is feared, pass away very soon.

As the result of an operation complications have followed, the worst being that he can take no nourishment. His stomach has collapsed and he is now practically starving to death.

To Fight the Watch Trust.

Chicago, May 9.—The Tribune says: Backed by Chicago and Indiana capitalists the South Bend Watch company has been organized to fight what jewelry jobbers call the "watch trust." Organization was perfected at a meeting held in the Auditorium hotel. Capital stock of \$1,000,000 was taken by Clement Studebaker, William P. Williams, Howard H. Gross and others, and a telegram closed the deal by which the new company becomes owner of the plant of the new Columbus Watch company at Columbus, O.

War on Mosquitoes to Continue.

New York, May 9.—Dr. A. H. Doty, health officer of the port of New York, who made such a vigorous crusade last summer against the mosquito on Staten Island, is preparing for another campaign during the coming summer months. He said that instead of using the oil tank and hose on the various pools and ponds of the island, as was done last season, he purposed carrying on experiments at the quarantine laboratory.

Will Boycott Union Pacific.

Omaha, May 9.—A telegram has been received by the local head of the Moulders' union stating that the shutting down of the Union Pacific foundry has been declared a lockout by the executive board of the national body and that the union moulders all over the country will be instructed to not work on castings for that company.

Fought Over Accretion Land.

Sioux City, Ia., May 9.—In a fight with Sheriff Lewison and posse of Union county, S. D., three brothers named Turgeon were shot five miles northwest of here. One of the men, Fred Turgeon, may die. The trouble was over accretion land, the dispute being whether it lies in South Dakota or Nebraska, the Missouri river dividing it in the middle.

St. Thomas, D. W. I., May 9.—The British steamer Roddam, Captain Freeman, which left St. Lucia Wednesday for Martinique, returned from there during the afternoon bringing a report that the town of St. Pierre, Martinique, has been totally destroyed by volcanic disturbances in the island. Almost all the inhabitants of St. Pierre are said to have been killed. The Roddam reports that all the shipping in the port has also been destroyed. The Quebec Steamship company's steamer Horaima is mentioned as lost with all on board.

The Roddam was badly damaged. Her captain was seriously burned and 17 of her crew are dead.

Washington, May 9.—United States Consul Ayme has cabled the state department from Guadeloupe that great consternation prevails in that locality in consequence of earthquakes and volcanic activity.

Loud noises are heard continuously, which are ascribed to volcanic action. Telegraphic communication with Martinique is broken in every direction. He says he is informed that many hundreds of people have been killed in and about Martinique.

FATAL TO THREE.

Firemen at Dubuque, Ia., Crushed by Falling Wall.

Dubuque, Ia., May 9.—Three firemen were crushed to death and another man was badly injured in a fire at the Iowa Iron works. The dead are: Frank Ganahl, aged 35, captain of the chemical company; John Fitzpatrick, aged 38, truckman; Charles Wise, aged 25, truckman. John McPoland was seriously injured, both legs being broken and crushed. The men were playing on the fire alongside a wall, when the latter fell and buried them. The financial loss is \$15,000.

MINNESOTA REPUBLICANS.

State Convention Will Be Held in St. Paul July 1.

St. Paul, May 9.—The Republican state convention will be held in St. Paul, Tuesday, July 1. The date of the convention was settled by a unanimous vote of the state central committee. The county conventions will be held June 24, one week before the state convention, and the total number of delegates entitled to seats in the nominating convention is 1,172. The apportionment of delegates was made on the vote for McKinley in 1900 at the ratio of one delegate for each 250 votes and five delegates at large for each county.

DEFEAT FOR MASON.

Illinois Republicans Endorse Hopkins for Senator.

Springfield, Ills., May 9.—The result of the Republican state convention held here was a decisive victory for the state administration and what is known as the "Yates-Hopkins-Lorimer-Northcott" combination. The convention endorsed the administration of Governor Yates and the candidacy of Congressman Albert J. Hopkins for United States senator by an overwhelming majority. The fight against the endorsement was led by Judge L. Y. Sherman, ex-speaker of the house of representatives. A vote on the resolution endorsing Hopkins' candidacy resulted, 1,015 1/2 ayes and 492 1/2 noes.

After the convention Senator Mason announced himself as still in the fight, but the consensus of opinion among the delegates is that the action of the convention settles the senatorial contest.

MINNESOTA REPUBLICANS.

State Convention Will Be Held in St. Paul July 1.

St. Paul, May 9.—The Republican state convention will be held in St. Paul, Tuesday, July 1. The date of the convention was settled by a unanimous vote of the state central committee. The county conventions will be held June 24, one week before the state convention, and the total number of delegates entitled to seats in the nominating convention is 1,172. The apportionment of delegates was made on the vote for McKinley in 1900 at the ratio of one delegate for each 250 votes and five delegates at large for each county.

DEFEAT FOR MASON.

Illinois Republicans Endorse Hopkins for Senator.

Springfield, Ills., May 9.—The result of the Republican state convention held here was a decisive victory for the state administration and what is known as the "Yates-Hopkins-Lorimer-Northcott" combination. The convention endorsed the administration of Governor Yates and the candidacy of Congressman Albert J. Hopkins for United States senator by an overwhelming majority. The fight against the endorsement was led by Judge L. Y. Sherman, ex-speaker of the house of representatives. A vote on the resolution endorsing Hopkins' candidacy resulted, 1,015 1/2 ayes and 492 1/2 noes.

After the convention Senator Mason announced himself as still in the fight, but the consensus of opinion among the delegates is that the action of the convention settles the senatorial contest.

SAVED BY THE HAND OF GOD.

Thanksgiving Services for Preservation of Queen's Life.

The Hague, May 9.—In the presence of the prince consort and a distinguished congregation which attended Ascension day services at the church in Apeldoorn the Protestant minister delivered an address of thanksgiving for the preservation of the life of Queen Wilhelmina, who, he said, had been saved by the hand of God.

"Great as has been the sorrow and disappointment of the pious hope of the royal family, a disappointment which also was a great grief to the nation, yet," said the minister, "can we not happily exclaim 'triumph'?"

Weather.

Partly cloudy to-night and Saturday. Warmer.

WADENA hotels have advanced board two dollars per month owing to the raise in meats, etc., in that village.

ADAM BEDE has his second smile coming. O. D. Kinney, of Duluth, has refused under any circumstances to become a candidate for congress.

ST. PAUL and Minneapolis commission merchants are importing potatoes by the car load from Canada. Has the visible supply in Bro. Pease's town been exhausted.

AND now the price of beer is to be raised, the news being sent out from Milwaukee that the shipping brewers of the United States are about to boost the price 40 cents per barrel. When will this thing stop.

PRIMARY elections in Minnesota will be held on September 16th and party candidates must file with the county auditor not later than July 26th in order to get their name on the primary election ballot.

MINNEAPOLIS is experiencing pleasant dog days. The health officer drowned 78 yesterday making 600 that have taken the "water cure" in the down river city since April 1st for not having proper licenses attached to their collars.

FARGO is putting on all kinds of airs because the Great Northern is to build a new 300 foot freight depot in that city. Brainerd is to have a building of the same character and capacity, work on which will be commenced within a short time, and the grounds are now being put in shape for the new 300 foot structure.

THE village of Wadena has set an example that may well be copied by towns of much greater pretensions by passing an ordinance compelling property owners to lay cement sidewalks in the future. In the event of a refusal to comply the village will build the walks and assess the cost against the abutting property.

THE apportionment decided on at the meeting of the republican state central committee in St. Paul yesterday for the state convention which was called for July 1, is one for every 250 votes or major fraction thereof cast for William McKinley for president in 1900 and five delegates at large for each county. This will make a convention of 1172 delegates of which number Crow Wing county is entitled to 12. All county conventions in the state will be held on June 24th.

The Situation to Date.

As far as the republican newspapers of this congressional district are concerned the controversy over the republican nomination for congress is about confined to the three republican papers of Douglas county, says the Little Falls Transcript. All these papers give the impression that Senator Buckman will be the unanimous nominee, and two of them are glad of it, and the third expresses regret. The republican papers in all the other counties appear to be satisfied with the situation, and are prepared to heartily support Mr. Buckman as the nominee. The indications are that the party in this district will enter the campaign in a united and harmonious condition. That condition should be pleasing to every loyal republican, and is promising of an emphatic victory.

W. T. Orcutt is in the city today. He is out now for a different firm, however, having severed his connection with the Gamble-Robinson Co., the first of the week. He is now out for the E. P. Stacy & Co., and today is the first time he has been in the city under the new regime.

It is said that Kenneth McDonald when at Gull lake with Dan McIntosh and others, assumed the role, for a day or so, of Robinson Crusoe. They say he got lost on a small island and it was several hours before he discovered his way out. "Kenny" denies the allegation and threatens to lick the "allegator."

It is said when the new Northern Pacific depot is built that the tracks in the yard will be arranged so that it will be necessary to move the W. F. Holst warehouse back several feet which will entail quite an expenditure. It is also reported that the Standard oil tanks will be moved and it may be possible that they will be moved outside the fire limits somewhere.

Mr. and Mrs. Vettors arrived in the city this afternoon from St. Paul for a visit with Mr. and Mrs. J. M. Hallett.

This afternoon the fire department was called out to the home of Mr. and Mrs. H. J. Hagadorn on Eighth street north. The chimney burned out and it gave the occupants of the house quite a scare.

Dan McIntosh has received from Manila, P. I., a photograph sent by Frank French who went from here, having enlisted in the army. The picture includes the members of the Corral Island base ball team in which French plays first base and is captain of the team.

TO ADMIT TERRITORIES.

House Considering the Bill to Create Three More States.

Washington, May 8.—The house began consideration of the bill to enable the people of Oklahoma, Arizona and New Mexico to form constitutions and state governments and be admitted to the Union on an equal footing with the original states. Representative Knox of Massachusetts, chairman of the committee on territories, and Mr. Rodney, the delegate from New Mexico, made extended speeches in support of the bill. Mr. McKee of Arkansas, while favoring the admission of the three territories, gave notice of an amendment to consolidate Oklahoma and Indian Territory and admit them as a single state. The house adopted the conference report on the Indian appropriation bill. A vigorous but unsuccessful fight was made on the senate amendment to open the Uintah Indian reservation in Utah.

All the Mail Was Burned.

Washington, May 9.—The report to the postoffice department shows that in the railroad wreck near Flagstaff, A. T., on the Santa Fe road, the entire mail carried on the wrecked train was destroyed. This mail came from Southern and Central California and was destined for points east and south of Albuquerque, N. M.

Its Only Effect.

If the absence of protective duties does not interfere with the creation of trusts in the United Kingdom, how can it interfere with the creation of trusts in the United States? The truth is, of course, that trusts exist without reference to tariffs. Our own steel trust might welcome the enactment of Mr. Babcock's bill if it went a step further and swept off the duties not on the finished product alone, but also on the raw materials. The British steel trust with free trade in this country could never undersell our own gigantic combination, but it might and probably would undersell the younger and weaker competitors.

That would mean, therefore, the complete division of the steel business of America and Britain between two immense combinations of capital, one in this country, one abroad. This is the only effect which the Babcock measure could possibly produce. The Republican majority in congress can never be persuaded to regard this as a good argument for its enactment.—Boston Journal.

Mizpah.

How many people know that the monument that Laban and Jacob set up near the borders of Canaan and called "Mizpah," or a lookout, was erected in suspicion rather than love? The literal meaning was this: "The Lord watch between thee and me when we are absent one from the other, and see that you are not up to some new trick as soon as my back is turned."

So when it is inscribed in an engagement ring it might mean, "The Lord watch and see that you do not flirt when we are absent one from the other."

Those who use the text are sometimes wiser than they know.

Strong Even in Death.

A yew tree almost destitute of branches or bark grows abundantly in the Caucasus to a height of from fifty to sixty feet and a diameter of a little over two feet. It grows slowly, but its timber is almost indestructible except by fire. It is considered superior in durability, appearance and toughness to mahogany, which it otherwise somewhat resembles. In some large forests of this tree it is very difficult to distinguish the live trees from the dead ones, the latter being very numerous and said to stand for 100 years after death without exhibiting decay.

SITUATION IN MINDANAO.

General Davis Reports That Everything Is Satisfactory.

Washington, May 9.—The following advice relative to the situation in Mindanao have been received at the war office from General Chaffee:

"Following from Brigadier General George W. Davis, May 6: 'Situation today every way satisfactory. No hostile shot has been fired since escape of prisoners from guard. Would be exceedingly easy for Moros to climb bluff and cut our telegraph traversing shore of lake four or five miles—not molested. At 2 o'clock today Rini Tampanga of Turburan and delegation presented themselves. Sultan Genasi says Datto Paygoag was killed by an fort and his people dead or dispersed. Will investigate, but doubt whole report. Number of prisoners escaped probably not exceeding 25. Ten have been recaptured unhurt. For miles about the country is much the same as Camp Meade, Pa. Enormous agricultural facilities. All wounded doing well. Chief Surgeon says one or two forwarded without hopes of recovery.'

"May 7—Leave in morning for Malabang to meet General Chaffee. Expected morning of 10th. No change situation. Wounded doing well. Datto from lower Bayan fort presented himself, saying his people want peace, promising bring cattle, other supplies."

AMERICAN BIBLE SOCIETY.

Eighty-sixth Annual Meeting Held in New York.

New York, May 9.—The annual meeting of the American Bible society was held at the Bible House. The 86th annual report states that the threatened evils arising from a permanent shrinkage in the support given the society have been arrested. The receipts were \$433,173 and the cash balance at the close of the fiscal year was \$29,329.

Appropriations have been authorized for the foreign work during the current year to an amount not exceeding \$200,000. The total amount of invested funds is \$486,402. The income from these permanent funds for the year was \$19,595.

The total issues of Bibles of the year, at home and abroad, amount to 1,723,791. This is an increase of 169,663 over those of last year. Of these 686,755 were distributed in the United States, not counting the Philippine Islands, and 1,037,036 in foreign lands. This means an increase of 63,421 in the foreign field and 106,242 in the United States. The total issues of the society in 86 years amount to 70,677,225.

FASTEST IN THE WORLD.

New York to Chicago in Seventeen and a Half Hours.

Chicago, May 9.—The Record-Herald says: It is the present plan of the management of the Pennsylvania to place in service a daily train which will make the distance of 912 miles between Chicago and New York in 17 or possibly 17½ hours. The exact date on which the new service will begin has not been settled, but it is said that the new flyer will be put on between June 15 and 26. This will be by long odds the fastest long distance train in service in the world and is made possible by the expenditure of over \$50,000,000 by the Pennsylvania company in improving its track between the two cities.

The average speed of the train, including stops, will be 53.64 miles per hour, and exclusive of stops about 57 miles per hour. The fastest trains between here and New York city at present are limited trains, which make the run in 24 hours.

AN IMMENSE CROWD.

G. A. R. Encampment This Year Will Surpass All Others.

Washington, May 9.—From calculations made by the officers of the local citizens' committee and Quartermaster General Burroughs of the G. A. R., it is concluded that the crowd in attendance at the 1902 encampment of the Grand Army in this city will surpass that of any previous reunion or any gathering of any nature in the national capital. The interest among the veterans generally, according to General Burroughs, is notably greater than ever before. There is, in his judgment, every sign that the attendance will not only be greater in the number of individuals from each post, but in the presence of many posts as organizations which have never before attended a national encampment.

Tried to Burn Reformatory.

Bloomington, Ills., May 9.—The northeast cell block of the state reformatory at Pontiac was destroyed by fire, entailing a loss of \$200,000. Three hundred inmates were locked in the cell block, but were quickly transferred to the south cell block. All were panic-stricken, but obeyed orders. The origin of the blaze is charged to inmates of the reformatory, who are supposed to have taken advantage of the absence of Superintendent Mallory and other officials in Springfield.

Naval Battle Is Expected.

Colon, Colombia, May 9.—Government gunboats with Generals Castre and Jefferies on board, left Panama last Monday for a cruise along the coast and news of an engagement between them and the insurgent vessels is expected momentarily. The situation on the isthmus remains without change. The government has large forces both here and at Panama.

No Hope for Stone's Recovery.

Watertown, Wis., May 9.—Lieutenant Governor Jesse Stone is growing weaker daily. He takes but little food and it is only the great vitality which he displays which keeps him up. Physicians state that there is no hope for him and that it is only a matter of a short time when his system must succumb to the ravages of disease.

Complaint Ready to File.

Washington, May 9.—Attorney General Knox has completed his revision of the bill of complaint prepared by United States Attorney Bethea against the beef trust and has forwarded it to Chicago to be filed in the circuit court of the United States for the Northern district of Illinois.

Strong Even in Death.

A yew tree almost destitute of branches or bark grows abundantly in the Caucasus to a height of from fifty to sixty feet and a diameter of a little over two feet. It grows slowly, but its timber is almost indestructible except by fire. It is considered superior in durability, appearance and toughness to mahogany, which it otherwise somewhat resembles. In some large forests of this tree it is very difficult to distinguish the live trees from the dead ones, the latter being very numerous and said to stand for 100 years after death without exhibiting decay.

Helene—How long did you stay in Paris on your trip to France?
Emma—Oh, a week altogether.
Helene—But surely you could not take in everything in such a short time!
Emma—But we did, all the same. You see, there were three of us. Mamma took in the picture galleries, I studied the shops and things, and papa examined the local color in the cafes.—Exchange.

Plump Birdie.

She (after the service)—You dreadful fellow! Why did you smile during the offertory?

He—I couldn't help it. There was Miss Addie Pose singing "Had I the wings of a dove." The mental picture of a 200 pounder trying to fly with a pair of four inch wings was too much for me.

SITUATION IN MINDANAO.

General Davis Reports That Everything Is Satisfactory.

Washington, May 9.—The following advices relative to the situation in Mindanao have been received at the war office from General Chaffee:

"Following from Brigadier General George W. Davis, May 8: 'Situation today every way satisfactory. No hostile shot has been fired since escape of prisoners from guard. Would be exceedingly easy for Moros to climb bluff and cut our telegraph traversing shore of lake four or five miles—not molested. At 2 o'clock today, Rimini Tampanga of Turburan and delegation presented themselves. Sultan Genasi says Datto Payogang was killed by an fort and his people dead or dispersed. Will investigate, but doubt whole report. Number of prisoners escaped probably not exceeding 25. Ten have been recaptured unhurt. For miles about the country is much the same as Camp Meade, Pa. Enormous agricultural facilities. All wounded doing well. Chief Surgeon says one or two forwarded without hopes of recovery.'

"May 7—Leave in morning for Malabang to meet General Chaffee. Expected morning of 10th. No change situation. Wounded doing well. Datto from lower Bayan fort presented himself, saying his people want peace, promising bring cattle, other supplies."

AMERICAN BIBLE SOCIETY.

Eighty-sixth Annual Meeting Held in New York.

New York, May 9.—The annual meeting of the American Bible society was held at the Bible House. The 86th annual report states that the threatened evils arising from a permanent shrinkage in the support given the society have been arrested. The receipts were \$433,173 and the cash balance at the close of the fiscal year was \$29,329.

Appropriations have been authorized for the foreign work during the current year to an amount not exceeding \$200,000. The total amount of invested funds is \$486,402. The income from these permanent funds for the year was \$19,595.

The total issues of Bibles of the year, at home and abroad, amount to 1,723,791. This is an increase of 169,663 over those of last year. Of these 686,755 were distributed in the United States, not counting the Philippine Islands, and 1,037,036 in foreign lands. This means an increase of 63,421 in the foreign field and 106,242 in the United States. The total issues of the society in 86 years amount to 70,677,225.

FASTEST IN THE WORLD.

New York to Chicago in Seventeen and a Half Hours.

Chicago, May 9.—The Record-Herald says: It is the present plan of the management of the Pennsylvania to place in service a daily train which will make the distance of 912 miles between Chicago and New York in 17 or possibly 17½ hours. The exact date on which the new service will begin has not been settled, but it is said that the new flyer will be put on between June 15 and 25. This will be by long odds the fastest long distance train in service in the world and is made possible by the expenditure of over \$50,000,000 by the Pennsylvania company in improving its track between the two cities.

The average speed of the train, including stops, will be 53.64 miles per hour, and exclusive of stops about 57 miles per hour. The fastest trains between here and New York city at present are limited trains, which make the run in 24 hours.

AN IMMENSE CROWD.

G. A. R. Encampment This Year Will Surpass All Others.

Washington, May 9.—From calculations made by the officers of the local citizens' committee and Quartermaster General Burroughs of the G. A. R., it is concluded that the crowd in attendance at the 1902 encampment of the Grand Army in this city will surpass that of any previous reunion or any gathering of any nature in the national capital. The interest among the veterans generally, according to General Burroughs, is notably greater than ever before. There is, in his judgment, every sign that the attendance will not only be greater in the number of individuals from each post, but in the presence of many posts as organizations which have never before attended a national encampment.

Tried to Burn Reformatory.

Bloomington, Ills., May 9.—The northeast cell block of the state reformatory at Pontiac was destroyed by fire, entailing a loss of \$200,000. Three hundred inmates were locked in the cell block, but were quickly transferred to the south cell block. All were panic-stricken, but obeyed orders. The origin of the blaze is charged to inmates of the reformatory, who are supposed to have taken advantage of the absence of Superintendent Mallory and other officials in Springfield.

Naval Battle Is Expected.

Colon, Colombia, May 9.—Government gunboats with Generals Castre and Jefferies on board, left Panama last Monday for a cruise along the coast and news of an engagement between them and the insurgent vessels is expected momentarily. The situation on the isthmus remains without change. The government has large forces both here and at Panama.

No Hope for Stone's Recovery.

Watertown, Wis., May 9.—Lieutenant Governor Jesse Stone is growing weaker daily. He takes but little food and it is only the great vitality which he displays which keeps him up. Physicians state that there is no hope for him and that it is only a matter of a short time when his system must succumb to the ravages of disease.

Complaint Ready to File.

Washington, May 9.—Attorney General Knox has completed his revision of the bill of complaint prepared by United States Attorney Bethea against the beef trust and has forwarded it to Chicago to be filed in the circuit court of the United States for the Northern district of Illinois.

GOVERNMENT WILL
MOVE INDIANS

Mille Laes Lake Indians Will Have
To Go to the White Earth
Reservation.

MICHELET WILL HAVE CHARGE.

Matter Which Has Been Pending
For Long Time is Finally Set-
tled by Department.

It has been ascertained that the Mille Laes Indians, who are situated all around Mille Laes lake, will be removed from there to the White Earth reservation.

This is a matter that has been pending for a long time. These Indians are claimed to have never obeyed the mandates of the government regarding their removal to White Earth. The allotments at White Earth for these Indians were made some years ago and all went over peacefully except about nine hundred of them.

Agent Michelet has just been to Washington looking this matter as well as other important matters up and a dispatch from there gives out the following information:

"Simon Michelet, Indian agent at White Earth, Minnesota, will start for the northwest tomorrow night. He will spend Monday at the Indian warehouse in Chicago and reach the Twin Cities Tuesday morning. While here Mr. Michelet has accomplished much for the benefit of the Indians under his charge and he may well feel proud of the result of his trip.

"He got \$36,000 stumpage money for the Indians and will distribute it as soon as gets home. This claim has been hung up for several years. He has secured permission to purchase road implements. He has been given a fund for road building this summer and will do much important work on the reservation.

"This work has the department approval. Several additional day schools will be opened this year. Plans for the agent's \$3,500 home on the reservation have been adopted and the building will commence at once.

"Mr. Michelet has completed arrangements for removing the 900 Mille Laes to White Earth and will begin the allotment of land at once. This matter had been pending for a long time

"Mr. Michelet will have full charge of this removal, taking the place of the expensive Chippewa commission of former years. The department thinks that he is rapidly developing into a first-class agent and predicts for him a fine record. His start is unusually good".

HARDENED TO COLD.

Natives of Siberia Don't Mind a Below Zero Temperature.

Frequently, when we could not expose our ears for two minutes without having them frozen, says a traveler in Siberia, the natives would go for an hour at a time with their heads thrown back from their heads, and when it required constant watchfulness to keep our noses from freezing they did not appear to notice the temperature at all.

One morning in January I stood in perfect amazement at their disregard of the low temperature. They worked for at least half an hour with bare hands packing up the tent and utensils, handling the packages and lashing them together with icy seal thongs without experiencing the least apparent inconvenience, while I partly froze my fingers striking a light for my pipe with a flint and steel, the whole operation taking not more than three minutes.

The night before, happening to go out of the tent after our men had retired, I passed their camp, which was near by. Their fire had burned to a pile of embers, barely affording me light enough to distinguish the sleepers. They were lying coiled up on small deer skins, with their backs to the embers and their fur coats thrown loosely over their naked bodies.

The coat of one of them had slipped almost entirely off his body, leaving his back and shoulders exposed to a temperature of 18 degrees F. below zero, and, though his hair was frosted, he snored as soundly as if in comfortable quarters.

PROGRAM FOR FIELD DAY.

Robert Nelson, a former St. Cloud saloon keeper, whose licence was revoked by ex-Mayor McDonald, has met with much the same fate at Bemidji. The "White Front," as his place of business was called, gained, during its two years of life, an unenviable reputation. At any rate, the atmosphere around Bemidji was getting too warm for the saloon man and he left ostensibly for a trip to the Hot Springs. He will not return.—Journal-Press.

MAN BEFORE BREAKFAST.

More Ill Nutured Than Woman. Says an Observant Restaurateur.

"Of course," said an avenue restaurant keeper, "I think my business gives me the best opportunities in the world for judging human nature. My observations have led me to the conclusion that women, as nervous as they are supposed to be, are more good natured than men. The test for this trait comes at breakfast time. Now, I suppose that my customers are about as cheery a lot as frequent any restaurant in the city. A good many of them are newspaper men, who, as a usual thing, take life as it comes without much complaint. If you take them in the evening or late at night, you will find them the most companionable lot imaginable. But let me tell you there is a difference in the morning.

"As friendly as I am with most of the men who come in here, there is not one whom I would care to provoke before he gets his breakfast. Most of the 'kicks' are made concerning the first meal of the day. The waiter is too slow; the steak is too rare; the steak is too well done; the eggs are not fried properly or are baked too little or too much. But by the time the average man has had a good meal and a cup of hot coffee 'Richard is himself again.' 'Now, with women it is different. I don't know whether it is because they wake up less hungry than men or whether an empty stomach affects their nerves to a less degree, but those who get their breakfast here seldom annoy us with complaints.'—Washington Post.

Don'ts For Literary Beginners.

Don't tell the editor what your family or friends or literary acquaintances say of your manuscript.

Don't urge the editor to buy your manuscript because you need the money to help you in contributing to the support of your family or in making your way through college.

Don't assume a jaunty, sarcastic or insistent tone with the editor. Don't cooly ask him to "permit this literary dove to nest in your olive tree or else return it to the ark at the above address."

Don't try to temper the severity of his judgment by sending him pressed flowers with your manuscript or to impress him with your literary power and experience by telling him that you "write on the spur of the moment and never correct."

Bear in mind, in short, that the best way to submit a manuscript is simply to submit it and let it speak for itself.—Franklin B. Wiley in Ladies' Home Journal.

A. A. White who owns all the land along the river from the Mississippi river bridge to the point south about half a mile has been in the city for several days and one of the important matters that has taken his time here is the proposition to have the land at the end of the point utilized for the sporting houses of the city.

The matter, as is well known, was agitated by the mayor over a year ago but he never felt like issuing an order until it was ascertained that the women would not be compelled by extortion to pay more than houses built at this location are worth.

Mayor Halsted and Mr. White drove out to the grounds today and it has been decided that the houses will be built there. A meeting of the police committee with the mayor and city attorney will be called in a day or so to take the necessary steps.

ON THE DIAMOND.

The game to be played Sunday afternoon at Aitkin between the team of this city and the one of that city will be a good one. A special train has been arranged for which will leave Brainerd about 1:30 o'clock p. m. and return after the game. A rate of \$1.08 has been secured, and already there are about two hundred people who have signified an intention of going. The following will be the lineup of the Brainerd team for Sunday:

Englebreton, catcher; Orth, first base; McCarthy, second base; Merrill third base; Flynn, short stop; Williams, right field; Murphy, center field; Finn, left field; J. Boyle, pitch.

The game which was scheduled for Sunday afternoon in this city between the Brainerd Second team and the Staples team has been postponed, as the Staples team could not come.

MUSIC AND DRAMA.

STETSON'S "UNCLE TOM'S CABIN."

Manager Walker has made arrangements to present the original Stetson production of Uncle Tom's Cabin on May 14th at the Brainerd Opera House. The wonderful popularity of Harriet Beecher Stowe's masterpiece all over the United States for the past forty years has led to its production by all kinds of managers with all kinds of actors, good, bad and indifferent. There is magic in the name of "Uncle Tom" and its capacity to draw the public to see it. This, as pretty much all theatre patrons are aware, has been fully taken advantage of by a horde of irresponsibles and productions by them, at once "wild and woolly" have too often been the result. When produced with a proper dramatic cast, coupled with proper scenic and mechanical equipment, no such story of American life prior to the great crises in our national affairs, has ever been penned. For twenty years the Stetson production has been the leading one, steadily advancing each season with the wonderful advancement in stagecraft. The rolling stock, parade features, scenic investment and choruses have been steadily added to, while the musical and dramatic roles have been placed in the hands of artists of reputation. Special scenery by Seavey is carried for every scene depicted. A corps of colored singers, cakewalkers, dancers and field-hands from the cotton belt lend realism to the plantation scenes. A train of railroad cars, specially constructed, is required in the transportation of this mammoth company, while the street demonstration is said to excel anything yet seen in the theatrical world.

HOWARD KYLE IN "NATHAN HALE."

There can be no question as regards Clyde Fitch being the man of the hour; as the most talked about playwright of the present time. Last season five of Mr. Fitch's successors were running simultaneously on Broadway, New York, to handsome profits, and next season six Fitch plays will try for fame in London, so that it is not surprising to note the interest manifested every time time one of his dramatic compositions new to theatre patrons is announced.

"Nathan Hale," one of Mr. Fitch's most pronounced successes will be seen for the first time here on Thursday, May 15 at the Brainerd Opera House.

Aside from the historical interest with which it is invested, able critics have declared it to be Mr. Fitch's best effort. The production here will be made by Howard Kyle and the same company that has supported him ever since he came into possession of this valuable piece of property. Mr. Kyle will also bring with him the same elaborate scenic equipment which characterized the presentation of "Nathan Hale" at the Knickerbocker Theatre, New York, and Powers Theatre, Chicago.

"WAY DOWN EAST"

A very good audience greeted William A. Brady's beautiful pastoral play which was presented last night at the Brainerd Opera House in this city for the first time. Brainerd theatre goers have shown in their patronage of such productions as the one given last night and their hearty appreciation of its merits, that after all a pure clean play true to life without the sound of trumpet or symbol has a distinct following which speaks well for their intelligence.

The play last night was without question one of the best that has yet been in the new house, and both play and players came up to the expectations of the most sanguine and diligent researcher for something good. A play true to life; so true in fact that in this direction it can hardly be made better. The acting of Charles Riegel, who assayed the role of "Squire Amasa Bartlett," was very good, as was also the work of Grace Hopkins as "Anna Moore," T. Bergen as David Bartlett and Sarah Stevens as Louise Bartlett. All the cast in fact were good. [The scenery was elaborate and the mixed quartette, singing the old melodies, was a great feature of the production.

Robert Nelson, a former St. Cloud saloon keeper, whose licence was revoked by ex-Mayor McDonald, has met with much the same fate at Bemidji. The "White Front," as his place of business was called, gained, during its two years of life, an unenviable reputation. At any rate, the atmosphere around Bemidji was getting too warm for the saloon man and he left ostensibly for a trip to the Hot Springs. He will not return.—Journal-Press.

A DESIRABLE HOME CHEAP.

I have just secured a very desirable little four-room cottage—east front, with lot 50 x 150, nice trees in front yard, one of the finest wells in the city, place also has city water, and room for a nice garden in rear. Place is located on the north side and also near the shops. I can sell it for \$650 and make easy terms. Places of this kind in Brainerd are now about as scarce as hens teeth and the party that gets this one will be lucky.

MAN BEFORE BREAKFAST.

'More Ill Nutured Than Woman, Says an Observant Restaurateur.

"Of course," said an avenue restaurant keeper, "I think my business gives me the best opportunities in the world for judging human nature. My observations have led me to the conclusion that women, as nervous as they are supposed to be, are more good natured than men. The test for this trait comes at breakfast time. Now, I suppose that my customers are about as chery a lot as frequent any restaurant in the city. A good many of them are newspaper men, who, as a usual thing, take life as it comes without much complaint. If you take them in the evening or late at night, you will find them the most companionable lot imaginable. But let me tell you there is a difference in the morning.

"As friendly as I am with most of the men who come in here, there is not one whom I would care to provoke before he gets his breakfast. Most of the 'kicks' are made concerning the first meal of the day. The waiter is too slow; the steak is too rare; the steak is too well done; the eggs are not fried properly or are baked too little or too much. But by the time the average man has had a good meal and a cup of hot coffee 'Richard is himself again.'"

"Now, with women it is different. I don't know whether it is because they wake up less hungry than men or whether an empty stomach affects their nerves to a less degree, but those who get their breakfast here seldom annoy us with complaints."—Washington Post.

Don'ts For Literary Beginners.

Don't tell the editor what your family or friends or literary acquaintances say of your manuscript.

Don't urge the editor to buy your manuscript because you need the money to help you in contributing to the support of your family or in making your way through college.

Don't assume a jaunty, sarcastic or insistent tone with the editor. Don't coyly ask him to "permit this literary dove to nest in your olive tree or else return it to the ark at the above address."

Don't try to temper the severity of his judgment by sending him pressed flowers with your manuscript or to impress him with your literary power and experience by telling him that you "write on the spur of the moment and never correct."

Bear in mind, in short, that the best way to submit a manuscript is simply to submit it and let it speak for itself.—Franklin B. Wiley in Ladies' Home Journal.

A Meeting of the Police Committee
will be Called For in a
Day or Two.

A. A. White who owns all the land along the river from the Mississippi river bridge to the point south about half a mile has been in the city for several days and one of the important matters that has taken his time here is the proposition to have the land at the end of the point utilized for the sporting houses of the city.

The matter, as is well known, was agitated by the mayor over a year ago but he never felt like issuing an order until it was ascertained that the women would not be compelled by extortion to pay more than houses built at this location are worth.

Mayor Halsted and Mr. White drove out to the grounds today and it has been decided that the houses will be built there. A meeting of the police committee with the mayor and city attorney will be called in a day or so to take the necessary steps.

ON THE DIAMOND.

The game to be played Sunday afternoon at Aitkin between the team of this city and the one of that city will be a good one. A special train has been arranged for which will leave Brainerd about 1:30 o'clock p. m. and return after the game. A rate of \$1.08 has been secured, and already there are about two hundred people who have signified an intention of going. The following will be the lineup of the Brainerd team for Sunday:

Englebreton, catcher; Orth, first base; McCarthy, second base; Merrill third base; Flynn, short stop; Williams, right field; Murphy, center field; Finn, left field; J. Boyle, pitcher.

The game which was scheduled for Sunday afternoon in this city between the Brainerd Second team and the Staples team has been postponed, as the Staples team could not come.

European tourists and others destined to Eastern points, will find the low rates applying over the Nickel Plate road to New York, New England and other eastern destinations, specially attractive. The eastern terminals via this line are only from three to ten minutes from all ocean steamship docks, and the service afforded is first-class. Three trains daily from Chicago. Uniformed colored porters are in charge of day coaches, whose duties require that proper care shall always be given to keeping cars clean and attending to the wants of passengers en route. Meals served in dining cars at prices that are reasonable and within reach of all. Details cheerfully furnished on application to John Y. Calahan, general agent, 111 Adams street, Chicago. MUSIC AND DRAMA.

STETSON'S "UNCLE TOM'S CABIN."

Manager Walker has made arrangements to present the original Stetson production of Uncle Tom's Cabin on May 14th at the Brainerd Opera House. The wonderful popularity of Harriet Beecher Stowe's masterpiece all over the United States for the past forty years has led to its production by all kinds of managers with all kinds of actors, good, bad and indifferent. There is magic in the name of "Uncle Tom" and its capacity to draw the public to see it. This, as pretty much all theatre patrons are aware, has been fully taken advantage of by a horde of irresponsibles and productions by them, at once "wild and woolly" have too often been the result. When produced with a proper dramatic cast, coupled with proper scenic and mechanical equipment, no such story of American life prior to the great crises in our national affairs, has ever been penned. For twenty years the Stetson production has been the leading one, steadily advancing each season with the wonderful advancement in stagecraft. The rolling stock, parade features, scenic investment and choruses have been steadily added to, while the musical and dramatic roles have been placed in the hands of artists of reputation. Special scenery by Seavey is carried for every scene depicted. A corps of colored singers, cakewalkers, dancers and field-hands from the cotton belt lend realism to the plantation scenes. A train of railroad cars, specially constructed, is required in the transportation of this mammoth company, while the street demonstration is said to excel anything yet seen in the theatrical world.

HOWARD KYLE IN "NATHAN HALE."

There can be no question as regards Clyde Fitch being the man of the hour, as the most talked about playwright of the present time. Last season five of Mr. Fitch's successors were running simultaneously on Broadway, New York, to handsome profits, and next season six Fitch plays will try for fame in London, so that it is not surprising to note the interest manifested every time time one of his dramatic compositions new to theatre patrons is announced.

"Nathan Hale," one of Mr. Fitch's most pronounced successes will be seen for the first time here on Thursday, May 15 at the Brainerd Opera House.

Aside from the historical interest with which it is invested, able critics have declared it to be Mr. Fitch's best effort. The production here will be made by Howard Kyle and the same company that has supported him ever since he came into possession of this valuable piece of property. Mr. Kyle will also bring with him the same elaborate scenic equipment which characterized the presentation of "Nathan Hale" at the Knickerbocker Theatre, New York, and Powers Theatre, Chicago.

"WAY DOWN EAST"

A very good audience greeted William A. Brady's beautiful pastoral play which was presented last night at the Brainerd Opera House in this city for the first time. Brainerd theatre goers have shown in their patronage of such productions as the one given last night and their hearty appreciation of its merits, that after all a pure clean play true to life without the sound of trumpet or symbol has a distinct following which speaks well for their intelligence.

The play last night was without question one of the best that has yet been in the new house, and both play and players came up to the expectations of the most sanguine and diligent researcher for something good. A play true to life; so true in fact that in this direction it can hardly be made better. The acting of Charles Riegel, who assayed the role of "Squire Amasa Bartlett," was very good, as was also the work of Grace Hopkins as "Anna Moore," T. Bergen as David Bartlett and Sarah Stevens as Louise Bartlett. All the cast in fact were good. [The scenery was elaborate and the mixed quartette, singing the old melodies, was a great feature of the production.

DISCUSSION CONTINUES
PHILIPPINE DEBATE HOLDS CEN-
TER OF THE STAGE IN
THE SENATE.

TAKES AN AMUSING PHASE
Breezy Speech by Dolliver of Iowa
Convulses the Listeners With Laugh-
ter—Vest Makes a Historical Con-
tribution Regarding the Hampton
Roads Conference Between Lincoln
and Confederate Leaders.

Washington, May 9.—Discussion of
the Philippine bill in the senate, while
it scarcely abated in bitterness, took
on an amusing phase. In a breezy
speech Mr. Dolliver of Iowa made such
a good natured and yet such a sarca-
stic arraignment of Mr. Carmack of
Tennessee that senators and occu-
pants of the thronged galleries were
convulsed with laughter. While, seem-
ingly, considerable temper was
aroused by the debate, good feeling
was shown by the active participants
in the war of words—Mr. Dolliver and
Mr. Carmack—who cordially shook
hands and laughed over the encoun-
ter.

Mr. Burton of Kansas concluded his
speech. He referred, as instances of
atrocious cruelty, to the battle of
Wounded Knee, to the Mountain
Meadow massacre and to the massacre
of Union soldiers at Fort Pillow, and
contended that the actions of the
American troops in the Philippines
was, in most instances, entirely with-
in the regulations of civilized war-
fare.

In response to some statements
made by Mr. Tillman, Mr. Vest of Mis-
souri delivered a forceful and effec-
tive speech and made an historical
contribution with reference to the
Hampton Roads conference between
President Lincoln and Confederate
leaders.

Mr. Vest said that the story that
President Lincoln wrote upon a piece of
paper, "Save the Union," then handed
it to Stephens, said "Alex, take this
paper and fill up for your-
selves the conditions of peace be-
tween the two countries," had been
denied by John H. Reagan of Texas,
who was the last surviving member
of the Confederate cabinet. He knew
personally, said Mr. Vest, without
having been present at the celebrated
interview, that the incident was with-
out the slightest foundation. "If true,"
said he, "it would place the govern-
ment and officers of the Confederate
states in the category of criminals, be-
cause it offered the Confederacy all
that it ever demanded in the wildest
hope of the most extreme partisans
of that cause if they would only re-
turn to the Union."

Story of the Conference.
Mr. Vest then stated that what did
happen at Hampton Roads beyond
question was this: Mr. Lincoln, ad-
dressing himself to Mr. Hunter, whom
he knew well, said:
"In the first place, gentlemen, I de-
sire to know what are your powers
and instructions from the Richmond
government."

Mr. Hunter replied: "Mr. Presi-
dent, we are instructed to consider
no proposition that does not involve
the independence of the Confederate
States of America."
"Then," said Mr. Lincoln, "the in-
terview had as well terminate now,
for I must say to you gentlemen, frank-
ly and honestly, that nothing will be
accepted from the government at
Richmond except absolute and uncondi-
tional surrender."

Mr. Vest said that this terminated
the interview and as the Confederate
commissioners retired, President Lin-
coln, addressing Stephens, who was
the last to go out, said:
"Stephens, you are making a great
mistake. Your government is a failure,
and when the crash comes, as it
soon must, there will be disasters
which we cannot now foresee which
must come to your people."

Mr. Carmack delivered a scathing
denunciation of the conduct of mili-
tary operations in the Philippines and
denounced General Smith, branding
him as a "scoundrel" and "murderer,"
who had dishonored the American
army and had done nothing but
butcher a whole people.

In a sarcastic response Mr. Dolliver
of Iowa scorchingly arraigned Mr.
Carmack, incidentally reading an edi-
torial from the Memphis Commercial
Appeal criticising the Tennessee sen-
ator's attitude on the Philippine ques-
tion. Mr. Carmack's reply was of
such a nature as to cause him to be
called to order for a statement re-
flecting upon Mr. Dolliver, but the in-
cident ended in good feeling.

FAILED TO AGREE.
Senate Elections Committee at Sea
Over Depew's Amendment.

Washington, May 9.—The senate
committee on privileges and elections
again failed to reach any agreement
to report the house resolution provid-
ing for the election of United States
senators by direct vote of the people
either favorably or adversely. The
supporters of the amendment offered
by Senator Depew refused to withdraw
it and the resolution as thus amended
was satisfactory to only a small minor-
ity of the committee. Votes were
taken on motions to report both for
and against the passage of the amend-
ment and resolution and both were lost,
the former 3 to 7 and the latter 4 to 3.

Grand Jury Investigates Trust.
St. Louis, May 9.—The so-called beef
combine is now under investigation
by the St. Louis grand jury. Follow-
ing the revelations at Jefferson City
that diseased meat is sold in St. Louis,
Circuit Attorney Polk presented the
subject to the grand jury. He an-
nounces that he will subpoena all
witnesses who testified at Jefferson
City and all other persons whom he
can find that know anything about the
operations of the beef companies.

BEATEN BY STRIKERS.

Four Men Seriously Injured at East
Pittsburg.
Pittsburg, May 9.—Striking struc-
tural ironworkers attacked a party of
workmen employed at the Westing-
house Machine company, East Pitts-
burg, by the Marshall-McClintock Con-
struction company and four men were
badly beaten. R. J. English, the fore-
man, was injured so seriously that he
was taken to a hospital.
The strikers fled before the arrival
of the police, but the company says
they will be prosecuted. Work was
resumed after the departure of the
strikers.

Washington, May 9.—The Demo-
cratic congressional committee adopt-
ed a resolution authorizing the chair-
man, Representative Griggs of Geor-
gia, to appoint a campaign committee
of 11 members, 6 of whom shall be
members of the congressional commit-
tee. The campaign committee is to
have power to choose its own chair-
man.

Favors Filipino Self-Government.

Hartford, Conn., May 9.—In an ad-
dress at the day's session of the New
England conference of the African
Methodist Episcopal Zion churches
Bishop Wood endorsed the course of
the administration in dealing with
Cuba and expressed the hope that the
Philippines would in time be given
self-government.

Heavy Snowfalls in France.

Paris, May 9.—A violent hail storm
swept over the northwestern section
of Paris during the afternoon. It last-
ed for half an hour. The heavy snow-
falls continue throughout Northeast-
ern and Southwestern France. They
are accompanied by frosts and the
cereal and fruit crops are seriously
threatened.

Molten Copper Explodes.

Anacosta, Mon., May 9.—Nine men
were severely injured, one fatally, in
an explosion of a ladle containing five
tons of molten copper in the converter
of the Washoe smelter. The acci-
dent is supposed to have been caused
by cold water coming in contact with
the metal.

MAN AND MARRIAGE.

**Sage Advice About Methods Before
and After the Ceremony.**

In "Her Royal Highness Woman"
Max O'Rell gives some very sage ad-
vice to men as to what they should and
should not do both before and after
marriage. The following extracts will
be of interest to readers:

Never marry a woman richer than
you, one taller than you or one older
than you. Be always gently superior to
your wife in fortune, in size and in age,
so that in every possible way she may
appeal to you for help or protection,
either through your purse, your
strength or your experience in life.
Marry her at an age that will always
enable you to play with her all the dif-
ferent characteristic parts of a hus-
band—a chum, a lover, an adviser, a
protector and just a tiny suspicion of a
father.

However ill you may speak or think
of women, you will always find a wom-
an able to do it better than you.

Never let your ladylove see you with-
out a collar—no, not even the very wife
of your bosom. A man's head without a
collar is like a bouquet without a
holder.

Never let her see you asleep. Maybe
you sleep with your mouth open. If
you are married, let your wife sleep
first. When you are quite sure she is
off, let yourself go, and be careful to
wake up first in the morning.

Bismarck on Champagne.

Years ago, when Baron Hengelmuller
was assistant secretary of the Austrian
embassy at Berlin, Bismarck gave a
dinner to which the baron was invited.
All the guests except Von Hengervar
drank champagne, and Bismarck, not-
ing the young man's abstinence, asked
the reason therefor.

"I have not yet earned the right so to
indulge," was the reply.

"Ah, that will not do," remarked Bis-
marck; "it is allotted to every able-bodied
man in this world to consume in his
lifetime 10,000 bottles of champagne.
So you should begin now lest you fall
to secure your just portion."

"If 10,000 bottles be the allotment for
the ordinary man," responded the young
diplomatist, bowing to the Iron Chan-
cellor, "your excellency, being an ex-
traordinary man, should have double
allowance, and I therefore take great
pleasure in awarding my share to you."

"I thank you," Bismarck replied, "but
permit me to inform you that without
waiting for your grand renunciation I
have already passed the 20,000 mark."

She'll Sing Hereafter.

A charming young lady of Kensing-
ton who glories in the possession of a
wealth of bright Auburn colored hair
is the teacher of a Sunday school class.
On a recent Sabbath the rector made
the announcement of a hymn to be
sung and, rising, waved his hands, and
the organ pealed forth.

"Now," said he, "ready—sing."
A small and precocious youth in the
young woman's class said:

"Why don't you sing, Miss Fribbee?"
"Me? Oh, I never sing," replied the
teacher, smiling her prettiest.

"But," exclaimed the boy, "the min-
ister says you must. Didn't he just
say 'Now, Reddy, sing?'"

Smelling salts and numerous other
restoratives had to be used to bring
the teacher out of her faint.—Philadel-
phia Telegraph.

Choleric Versus Quiet Natures.

Clarendon, says The Schoolmaster,
made careful observation when he
wrote: "Angry and choleric men are as
ungrateful and unsocial as thunder
and lightning, being in themselves all
storm and tempests; but quiet and easy
natures are like air weather, welcome
to all and acceptable to all men; they
gather together what the others dis-
perse and reconcile all whom the others
incense; as they have the good will
and the good wishes of all other men,
so they have the full possession of them-
selves, have all their own thoughts at
peace and enjoy quiet and ease in their
own fortune, how strait soever it may
be."

Honest Praise.

An honest compliment was that paid
to M. de Vendome, who, while com-
manding the French army in Italy, dis-
patched a young nobleman to announce
to his master the victory which he had
gained at Suzzara. The latter, while
attempting to describe the battle, be-
came several times much confused in
his narrative, when, although the king
preserved his gravity, the Duchess of
Burgundy, who was present, laughed
so heartily that at last the young gen-
tleman said, "Sire, it is easier for M.
de Vendome to win a battle than for
me to describe it."

we think it is, that frightens us. A
man walks within an inch of death
without knowing it and therefore with-
out trembling, and then his hair stands

less as the buzzing of a fly.

DISCUSSION CONTINUES

PHILIPPINE DEBATE HOLDS CENTER OF THE STAGE IN THE SENATE.

TAKES AN AMUSING PHASE

Breezy Speech by Dolliver of Iowa
Convulses the Listeners With Laughter—Vest Makes a Historical Contribution Regarding the Hampton Roads Conference Between Lincoln and Confederate Leaders.

Washington, May 9.—Discussion of the Philippine bill in the senate, while it scarcely abated in bitterness, took on an amusing phase. In a breezy speech Mr. Dolliver of Iowa made such a good natured and yet such a sarcastic arraignment of Mr. Carmack of Tennessee that senators and occupants of the thronged galleries were convulsed with laughter. While, seemingly, considerable temper was aroused by the debate, good feeling was shown by the active participants in the war of words—Mr. Dolliver and Mr. Carmack—who cordially shook hands and laughed over the encounter.

Mr. Burton of Kansas concluded his speech. He referred, as instances of atrocious cruelty, to the battle of Wounded Knee, to the Mountain Meadow massacre and to the massacre of Union soldiers at Fort Pillow, and contended that the action of the American troops in the Philippines was, in most instances, entirely within the regulations of civilized warfare.

In response to some statements made by Mr. Tillman, Mr. Vest of Missouri delivered a forceful and effective speech and made an historical contribution with reference to the Hampton Roads conference between President Lincoln and Confederate leaders.

Mr. Vest said that the story that President Lincoln wrote upon a piece of paper, "Save the Union," then handed it to Stephens, said "Alex, take this paper and fill up for yourself the conditions of peace between the two countries," had been denied by John H. Reagan of Texas, who was the last surviving member of the Confederate cabinet. He knew personally, said Mr. Vest, without having been present at the celebrated interview, that the incident was without the slightest foundation. "If true," said he, "it would place the government and officers of the Confederate states in the category of criminals, because it offered the Confederacy all that it ever demanded in the wildest hope of the most extreme partisans of that cause if they would only return to the Union."

Story of the Conference.

Mr. Vest then stated that what did happen at Hampton Roads beyond question was this: Mr. Lincoln, addressing himself to Mr. Hunter, whom he knew well, said:

"In the first place, gentlemen, I desire to know what are your powers and instructions from the Richmond government."

Mr. Hunter replied: "Mr. President, we are instructed to consider no proposition that does not involve the independence of the Confederate States of America."

"Then," said Mr. Lincoln, "the interview had in fact terminated now, for I must say to you gentlemen, frankly and honestly, that nothing will be accepted from the government at Richmond except absolute and unconditional surrender."

Mr. Vest said that this terminated the interview and as the Confederate commissioners retired, President Lincoln, addressing Stephens, who was the last to go out, said:

"Stephens, you are making a great mistake. Your government is a failure, and when the crash comes, as it soon must, there will be disasters which we cannot now foresee which must come to your people."

Mr. Carmack delivered a scathing denunciation of the conduct of military operations in the Philippines and denounced General Smith, branding him as a "scoundrel" and "murderer," who had dishonored the American army and had done nothing but butcher a whole people.

In a sarcastic response Mr. Dolliver of Iowa scorchingly arraigned Mr. Carmack, incidentally reading an editorial from the Memphis Commercial Appeal criticising the Tennessee senator's attitude on the Philippine question. Mr. Carmack's reply was of such a nature as to cause him to be called to order for a statement reflecting upon Mr. Dolliver, but the incident ended in good feeling.

FAILED TO AGREE.

Senate Elections Committee at Sea Over Depew's Amendment.

Washington, May 9.—The senate committee on privileges and elections again failed to reach any agreement to report the house resolution providing for the election of United States senators by direct vote of the people either favorably or adversely. The supporters of the amendment offered by Senator Depew refused to withdraw it and the resolution as thus amended was satisfactory to only a small minority of the committee. Votes were taken on motions to report both for and against the passage of the amended resolution and both were lost, the former 3 to 7 and the latter 4 to 3.

Grand Jury Investigates Trust.

St. Louis, May 9.—The so-called beef combine is now under investigation by the St. Louis grand jury. Following the revelations at Jefferson City that diseased meat is sold in St. Louis, Circuit Attorney Polk presented the subject to the grand jury. He announced that he will subpoena all witnesses who testified at Jefferson City and all other persons whom he can find that know anything about the operations of the beef companies.

BEATEN BY STRIKERS.

Four Men Seriously Injured at East Pittsburg.

Pittsburg, May 9.—Striking structural ironworkers attacked a party of workmen employed at the Westinghouse Machine Company, East Pittsburg, by the Marshall-McClintock Construction company and four men were badly beaten. R. J. English, the foreman, was injured so seriously that he was taken to a hospital.

The strikers fled before the arrival of the police, but the company say they will be prosecuted. Work was resumed after the departure of the strikers.

ELEVEN MEN KILLED.

Accident to a Train Carrying British Troops.

London, May 9.—Lord Kitchener reports another accident, on May 7, to a train bound from Pretoria to Pietersburg, Northern Transvaal. The cars were derailed at a curve and an officer and 10 men were killed.

Democratic Campaign Committee.

Washington, May 9.—The Democratic congressional committee adopted a resolution authorizing the chairman, Representative Griggs of Georgia, to appoint a campaign committee of 11 members, 6 of whom shall be members of the congressional committee. The campaign committee is to have power to choose its own chairman.

Favors Filipino Self-Government.

Hartford, Conn., May 9.—In an address at the day's session of the New England conference of the African Methodist Episcopal Zion churches Bishop Wood endorsed the course of the administration in dealing with Cuba and expressed the hope that the Philippines would in time be given self-government.

Heavy Snowfalls in France.

Paris, May 9.—A violent hail storm swept over the northwestern section of Paris during the afternoon. It lasted for half an hour. The heavy snowfalls continue throughout Northeastern and Southwestern France. They are accompanied by frosts and the cereal and fruit crops are seriously threatened.

Molten Copper Explodes.

Anaconda, Mont., May 9.—Nine men were severely injured, one fatally, in an explosion of a ladle containing five tons of molten copper in the converter of the Washoe smelter. The accident is supposed to have been caused by cold water coming in contact with the metal.

MAN AND MARRIAGE.

Sage Advice About Methods Before and After the Ceremony.

In "For Royal Highness Woman" Max O'Hall gives some very sage advice to men as to what they should and should not do both before and after marriage. The following extracts will be of interest to readers:

Never marry a woman richer than you, one taller than you or one older than you. Be always gently superior to your wife in fortune, in size and in age, so that in every possible way she may appeal to you for help or protection, either through your purse, your strength or your experience in life. Marry her at an age that will always enable you to play with her all the different characteristic parts of a husband—a chum, a lover, an adviser, a protector and just a tiny suspicion of a father.

However ill you may speak or think of women, you will always find a woman able to do it better than you.

Never let your ladylove see you without a collar—no, not even the very wife of your bosom. A man's head without a collar is like a bouquet without a holder.

Never let her see you asleep. Maybe you sleep with your mouth open. If you are married, let your wife sleep first. When you are quite sure she is off, let yourself go, and be careful to wake up first in the morning.

"Ah, that will not do," remarked Bismarck; "it is allotted to every able-bodied man in this world to consume in his lifetime 10,000 bottles of champagne. So you should begin now lest you fail to secure your just portion."

"If 10,000 bottles be the allotment for the ordinary man," responded the young diplomatist, bowing to the Iron Chancellor, "your excellency, being an extraordinary man, should have double allowance, and I therefore take great pleasure in awarding my share to you."

"I thank you," Bismarck replied, "but permit me to inform you that without waiting for your grand renunciation I have already passed the 20,000 mark."—Saturday Evening Post.
